Questions & Answers

LED Lighting Upgrade 2022

In an effort to provide equal access to all vendors Ravenna Public Schools has compiled all Server Solution questions and answers in the following document.

Q1. Who is the manufacturer of the LED lights mentioned in the lighting specifications?

A1. The manufacturer is either Phillips or Sylvania.

Q2. Please advise if we will need a lift to access any of the light fixtures.

A2. A single person lift will be required for the lights in the Middle school gym.

Q3. This project may be subsidized in partial by utilizing Rebates, for us to confirm the value, we will need a copy of a utility bill from each school building.

A3. Unfortunately, due to our Middle school and High school being on the same campus they are under one meter at this time. That information will be provided the winning bid at a later date.

Q4. Line 16, please provide what type of exterior fixture you would like installed.

A4. A fully adjustable Wall pack fixture

Q5. Can you please clarify if you are looking for material only or material and installation?

A5. This project for the LED Lighting upgrade will need to include materials & labor
